Submit your inventory to our online system and your products will reach thousands of bearing buyers and sellers around the globe.

a Easy to add/ delete single items

b Simple process to upload your files

c Email us your excel files and we will do it for you!

2 Search Inventory

Use our search functionality to browse through inventory records of all the members. Connect with them directly and find all the products you need across the globe.

a Advanced Search Feature

Now you don't have to hunt through pages of data!

Filter your search for :

- Entire part numbers or brands
- Output based on specific Region or Country information

The screenshot shows a search interface with a 'Search Options' form and a results table. The form has fields for 'Bearing Number' (with '3304' entered), 'Brand', 'Exact Match', and 'Minimum Quantity'. Below the form is a table with columns: 'Send Inquiry', 'Part Number', 'Brand', 'QTY', 'Company', 'Country', 'Send Email', and 'Date'. Two rows are visible, both for part number '3304'. The first row is for 'NUETRAL' brand, 18 quantity, from 'Precision Bearings Pvt. Ltd.' in India, with a 'Send Email' button and date 'Jan 20, 04:00'. The second row is for 'URB' brand, 10 quantity, from 'BNK ROLLING BEARING LTD' in United Arab Emirates, with a 'Send Email' button and date 'Feb 8, 02:25'.

3 'Wanted Items' Section

Add urgently required items in our wanted section.

4 'Offers' Section

Browse the best bearing offers across the globe in this section.

Some of the many user-friendly features in these sections:

a Download data in excel

You can view inventory details offline by exporting the search in an excel format file. View the information at your leisure even when you are not on the internet.

b Filter Option Feature

Filter your search for :

- entire part numbers or brands
- output based on specific Region or Country information

The screenshot shows a 'Filter Options' form and a results table. The form has fields for 'Part Number', 'Brand' (with 'FAG' entered), 'Min Qty.', 'Company', and 'Country'. Below the form is a table with columns: 'Send Offer', 'Part Number', 'Brand', 'QTY', 'Description', 'Company', 'Country', 'Send Email', and 'Date'. Four rows are visible, all for 'FAG' brand. The first row is for part number 'NU2035EM1C3', quantity 1, from 'VBO, a.s.' in Slovakia, with a 'Send Email' button and date 'Feb 22, 04:15'. The second row is for 'NF411', quantity 1, from 'nahariya hydraulics ltd' in Israel, with a 'Send Email' button and date 'Jan 30, 09:30'. The third row is for '6205', quantity 1000, from 'Twain Bearings' in USA, with a 'Send Email' button and date 'Jan 23, 05:23'. The fourth row is for 'NU 212 E', quantity 1, from 'PT Traders' in UK, with a 'Send Email' button and date 'Jan 22, 07:56'.

5 Member Forums

- Buy and sell big lots of bearings.
- Network with other members & discuss topics related to the bearing industry, companies, general news, surplus stock and so on.

6 Equivalent Bearings

Search for equivalent bearings from a database of more than 70 brands. Find Equivalent bearing part numbers by entering the ID, OD and width of the bearing.
